COLLECTION

TERMS OF SALE

All prices are retail, (VAT excluded) expressed in Euro, ex works.

This price list comes into force in June 2024.

ORDERS

Requests for supplies will be treated as order proposals and will be regarded as accepted by Rossi&Co. s.r.l when the goods are delivered. The minimum billable amount will be € 200 net.

DELIVERY LEAD TIMES

Delivery lead times are purely indicative and non-binding. Any delays do not qualify the customer for compensation of any kind.

PRICES

Prices are those indicated in the price list in force, plus VAT. Any exceptions to these Terms of Sale must be agreed in writing with Rossi&Co. s.r.l. in advance.

PAYMENTS

Payments must be made directly to Rossi&Co. s.r.l. Lack of payment at the due date of even one invoice or instalment will entitle Rossi&Co. to stop deliveries and to cancels orders, even any already confirmed.

COMPLAINTS

Any complaints concerning the quantity and/or quality of the goods supplied must reach Rossi&Co. s.r.l. by registered mail within 8 days from receiving them.

Returns will not be accepted unless authorised in advance by Rossi&Co. s.r.l.

Transport fees will always be borne by Rossi&Co; if the condition of the returned goods is less than perfect, the refund will correspond to the recoverable value, if any.

PRODUCTION

Colour reproductions of graphic images shown in catalogues and /or on your screen are merely indicative of the actual colours used on the printed substrate. Small differences cannot be regarded as defects.

Rossi&Co. s.r.l. will not be held responsible, under any circumstance, for damage deriving from wrong installation/hanging of the products supplied and/or for the wrong use of pastes, fixing agents or varnishes not manufactured by the seller but which, nevertheless, come with the goods

COURT OF JURISDICTION

The Italian law will be applied to settle any disputes which will be resolved under the exclusive jurisdiction of the Law Court of Pordenone (Italy).

THIS PRICE LIST REPLACES AND CANCELS ALL PRECEDING ONES.

WALLPAPERS SUBSTRATES - WALLCOVERING

ATELIER

RASO

grammage 400 gr/m²

- Matt, non-reflective vinyl substrate with a satin-effect weave on a non-woven fabric base.
- EN 13501-1: B, s2, d0 classified fire-retardant material.
- Easy to clean using a damp cloth and non-aggressive, alcohol-free detergents.

- Strips are 48 cm wide.

The following protective finishes are available on request:

METALLIZZATO

grammage 410 gr/m²

- Semi-gloss, vinyl substrate on a non-woven fabric base, featuring a gauze-effect weave that enhances its colour, making it shine.
- 13501-1:2007 - B, s2, d0 classified fire-retardant material.
- Easy to clean using a damp cloth and non-aggressive, alcohol-free detergents.

- Strips are 48 cm wide.

The following protective finishes are available on request:

NOT PRINTABLE

RAFIA

grammage 173+-30 g/m²

- Matt fibreglass substrate with an irregular, raffia fabric effect weave which is soft to the touch.
- PVC-FREE
- SOLVENT-FREE
- EN 13501-1: B, s1, d0 classified fire-retardant material.
- Easy to clean using a damp cloth and non-aggressive, alcohol-free detergents.

- Strips are 98 cm wide.

NOT PRINTABLE

POLVERE DI QUARZO

grammage 561 gr/m²

- Semi-gloss, powdered quartz substrate on a non-woven fabric base with an irregular, textured surface.
- PVC-FREE
- SOLVENT-FREE
- EN 13501-1: B, s1, d0 classified fire-retardant material.
- Easy to clean using a damp cloth and non-aggressive, alcohol-free detergents.

- Strips are 98 cm wide.

SUBSTRATES

TELA CANVAS

TELA CANVAS
grammage 390±10 gr/m2

- A cotton substrate with an orthogonal weave, a cotton hand feel and a natural-coloured reverse side.
- This material complies with current REACH regulations in terms of chemical substances and components.
- Canvas differs from the substrates used for wallpaper. Do not refer to the wallpaper samples when choosing the colours of pictures on Canvas.

DECOR PANEL

DECOR PANEL
3 mm thick

- A semi-gloss, sandwich panel consisting of two sheets of aluminium with an extruded polyethylene core coated with protective, transparent varnish.
- **It is resistance to moisture, water and dry heat.**
- Ideal for kitchen splashbacks or claddings.
- Ideal in the bathroom or in shower cubicles.
- The panel is available maximum 300x150 cm and various panels can be installed side-by-side to cover larger surfaces.
- Lightweight and easy to shape during installation, they are designed to be secured to the wall using silicone.
- Washable with non-aggressive, neutral detergents.
- **Not suitable for outdoor use.**

OUR PRINTING PROCESS CERTIFICATIONS

ENERGY STAR® certified printers satisfy a series of strict, energy-efficiency requirements.

EPEAT certified products satisfy strict requirements throughout the product's life cycle, ranging from restrictions on packaging materials to air quality.

UL ECOLOGO® certified products satisfy a set of strict requirements regarding human health.

GREENGUARD GOLD certification shows that Latex inks respect low chemical emission standards for indoor environments.

Latex printing technology is committed to helping customers recycle responsibly.

The PVC-free printing materials compatible with Latex technology are easier to dispose of and recycle, offering an alternative that is more respectful of the environment.

REACH is an EU standard adopted to better protect the health of people and of the environment from the adverse effects of chemical substances.

The FSC certifies companies that support the development of responsible forest management all over the world.

FINISHES

SEMI DROP

The matt **Semi Drop** protective finish protects the wallpaper from splashing water, moisture and wear.

Indispensable for bathroom walls **(but unsuitable for showers or spas)**, the Semi Drop protective coating is also ideal for high-traffic places such as cafés, restaurants, shops and also for spaces that need frequent cleaning such as children's bedrooms or the sink and dining areas of kitchens. **Notwithstanding the Semi Drop protective coating, this wallpaper is unsuitable for use behind cookers.**

The Semi Drop protective coating is available for the following substrates:

- Linara
- Raso
- Metallizzato
- Fibra Bouclé Perla

HOW TO APPLY THE SEMI DROP PROTECTIVE COATING

- 1 Prepare a smooth, dry wall
- 2 Apply paste
- 3 Hang the wallpaper
- 4 Finally, apply the matt protective varnish

FINISHES

ACQUA SYSTEM

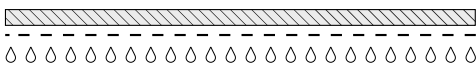

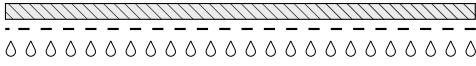

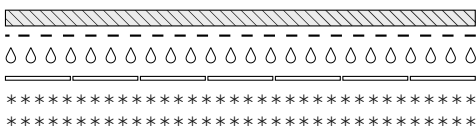

The semi-gloss **Acqua System** protective coating protects wallpaper, making it suitable for use on the walls of spaces where lots of water is present, such as shower cubicles, walls near bathtubs and in spas.

The Acqua System protective coating is available for the following substrates:

- Linara
- Fibra Bouclé Perla

HOW TO APPLY THE ACQUA SYSTEM PROTECTIVE COATING

- 1 
Prepare a smooth, dry wall
- 2 
Apply the fixing agent
- 3 
Apply the protective paste
- 4 
Hang the substrate
- 5 
Finally, apply two coats of semi-gloss protective varnish

OUTDOOR

The semi-gloss **Outdoor** protective coating protects fibreglass wallpaper, making it resistant to weathering, to UV rays and to yellowing so that it can be used on outdoor walls, verandas, around swimming pools and in high-traffic areas.

HOW TO APPLY THE OUTDOOR PROTECTIVE COATING

- 1 Prepare a smooth, dry wall
- 2 Apply the special fixing agent
- 3 Apply the protective paste
- 4 Hang the fibreglass substrate
- 5 Finally, apply two coats of semi-gloss protective varnish

WALLPAPERS - WALLCOVERING

Surcharges:

- Two changes to a project are included. For additional modifications add € 200
- For doors flush with the wall with one full-width strip up to 98 cm wide add € 200
- Covering junction boxes + € 86
- One full-width strip of wallpaper cut to the size of the wardrobe door front + € 300
- Wallpaper applied to front and edge of wardrobe door with uninterrupted graphic design + € 500

TRANSPORT COSTS WALLPAPERS: WALL DECOR COLLECTION - ATELIER COLLECTION - START TIME COLLECTION - 30 € net price

Transport costs valid in the following countries: Germany, Austria, Switzerland, Luxembourg, France, Poland, Czech Republic, Slovakia, Hungary, Slovenia, Romania, Bulgaria.

Minimum billable amount:

- Minimum billable amount € 400.
Orders amounting to less will be fulfilled at a fixed rate of € 400.

Service included:

- Prices per square metre include surplus and excess for hanging purposes
- Delivered in a box including a paste and finishing kit
- Instructions with hanging diagram

Key of finishes:

PRINT/SUBSTRATE

Printed or textural substrate, including paste, with no protective coating. Can be used in all places with normal hygiene requirements.

ACQUA SYSTEM

Printed substrate with a kit of semi-gloss, two-component, Acqua System protective coating. **Can be used in shower cubicles, spas or on walls liable to come into contact with large quantities of water.**

SEMI DROP

Printed substrate with a kit of matt, single-component Semi Drop protective coating resistant to splashes of water and moisture. Ideal for high-traffic areas, useful in bathrooms, **unsuitable for shower cubicles and spas.**

OUTDOOR FINISH

Printed substrate with a kit of semi-gloss, two-component Outdoor coating **resistant to weathering, UV rays and relative yellowing.** Can be used on outdoor walls, verandas, swimming pool and in high-traffic areas.

Important information:

COLOUR REFERENCES

Colours reproduced in our catalogues and/or visualised on screen are purely indicative. Slight differences cannot be regarded as defects.

PRINTS OF ADDITIONAL PORTIONS OF THE SAME WALLPAPER PRODUCED AT A LATER DATE

Any prints and/or additions of portions of wallpaper produced at a date later than the original supply may be slightly different in colour. Differences in the alignment of the graphic design may also occur. We advise against placing this type of order and will not be answerable for any of the possible imperfections mentioned.

DECOR PANEL FEATURES

DESCRIPTION

A semi-gloss, sandwich panel consisting of two sheets of aluminium with an extruded polyethylene core coated with protective, transparent varnish.
3 mm thick.

IDEAL FOR THE KITCHEN

Ideal for use in the kitchen as a splashback or wall covering because it resists dry heat temperatures of up to 140°C, humidity and water (CATAS certified).

IDEAL FOR THE BATHROOM

Its antibacterial properties and resistance to humidity make it ideal for the bathroom and inside shower cubicles.

INSTALLATION

Lightweight and easy to shape during installation, they are designed to be secured to the wall using silicone. Various panels can be put together to cover larger surfaces.

CUTS AND CUT-OUTS

It is advisable to shape the panels and make cut-outs in them on site using a cutter or a jig saw with a thin blade. Draw the perimeter of the cut-out on the printed side of the panel.

Apply masking tape to the edge of the cut-out.
Cut the shape out from the printed side and not from the back of the panel.

CLEANING AND MAINTENANCE

Use only neutral, mild detergents to clean the panel.
Do not use bleach.
Do not use limescale removers.
Do not use abrasive cloths.

BIG SIZE & FRAME

WALL DECOR COLLECTION

Custom sizes are not available.

TRANSPORT COSTS FOR BIG SIZE AND FRAME - 30 € net price
