PRICE LIST 2023

GENERAL SALES CONDITIONS

1. IN GENERAL

The act of sales is considered to be executed in Bergamo. Each client who places an order with us is assumed to have knowledge of the here after mentioned sales conditions.

The exclusion of one of the clauses does not mean that the general conditions are not applicable.

2. ORDERS

Each order needs to mention the size and the colour of the ordered products as defined in our pricelist.

Due to the "handmade" character of our products, difference can occur in colour, shape and size.

These differences can never form a reason to dissolve the agreement nor to a reduction of the price.

3. ORDER RECTIFICATIONS

Each amendment to an order is valid only after our agreement in writing and is only accepted in case it does not disturb production. It can also lead to a rise in price.

4. ORDER ANNULLATION

To cancel an order accepted and confirmed by us, will automatically result in a surcharge of 50% from the total amount of the order, as a compensation for damages and costs.

5. DELIVERY

All our prices are exclusive transport- and delivery-cost.

The client needs to inform us clearly about the delivery address and time where goods can be delivered.

All goods are supplied on an "ex factory" basis and travel at buyer's risk, even in the case the trasport cost is at our charge.

6. DAMAGE/RETURNS

In case the goods are delivered with damage, the client is obliged to communicate this in writing within 8 days from the receipt.

No claim will be considered after 8 days of delivery, as the customer must inspect the goods immediately on delivery.

No returns will be accepted without previous written authorization of our company.

7. DELIVERY TIME/DELAY

The delivery time, indicated on the order confirmation, does not bind our company and can be modified with reasonable delay. If the delivery date is of essential importance for the buyer, this should be clearly indicated on the order.

We are not responsible for the delay of the delivery or the not execution of the order in the following cases:

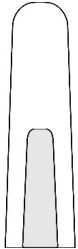

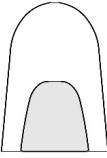

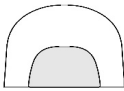

- in case that the payment conditions indicated on the order confirmation are not respected by the client.
- in case that the essential informations necessary to realise an order has not reached us in time.
- in case there is a delay or impossibility to realise an order caused by major force or any reason beyond our will.

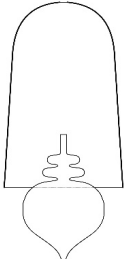

8. COMPETENT COURT

Only the court of Bergamo is competent in all cases of dispute.
