Particolari - Details

Cryrock è una collezione brevettata. Il sasso in cristallo è made in Toscana, viene lavorato al fine di eliminare gli spigoli e arrotondarne le forme. Non subisce alcun lavoro di molatura e ciò consente un risultato unico e non riproducibile in serie. La struttura in metallo è realizzata artigianalmente su nostro disegno con saldature in argento. Il filamento Led illumina ed esalta il cristallo. La sospensione S12 è un esempio: è possibile richiedere differenti configurazioni, forme e numero di elementi. Per qualsiasi richiesta o differente versione non esitate a contattarci.

Cryrock is a patented collection. Crystal rock made in Tuscany. The rock is worked in order to smooth the edges off and to round its shape. It does not undergo any grinding work and this allows a unique result that can't be reproduced in series. The metal structure is handcrafted on our drawing with silver welds. The Led filament illuminates and highlights the crystal. The suspension S12 is an example: it's possible to request different configurations, shapes and number of elements. Don't hesitate to contact us for any request or different version.

Particolari - Details

Trama è una collezione composta da elementi singoli in differenti lunghezze ma che affiancati possono strutturare progetti ad-hoc anche di estese dimensioni. Ricreano nell'aria una trama luminosa personalizzabile.

Gli elementi di Trama sono in borosilicato trasparente o decorato e all'estremità sono inserite le bocche in alluminio tornito e le cover in metallo stampato.

L'elemento luminoso è un Neonflex 360° ed illumina il tubo in borosilicato per tutta la sua lunghezza.

Trama è già disponibile nelle misure indicate nei disegni. Per qualsiasi richiesta o differente versione non esitate a contattarci.

Trama is a collection made up of single elements in different lengths but which, when placed side by side, can create ad hoc projects even of large sizes. They recreate a customizable light pattern in the air.

Trama's elements are made of transparent or colored borosilicate glass with turned aluminum bushings and molded metal covers at the ends.

The light source is a 360° Neonflex, that lights up the borosilicate tube along its whole length.

Trama is already available in the sizes shown in the drawings. Do not hesitate to contact us for any request or different version.

*L'altezza dei lampadari e il relativo prezzo è calcolata escludendo l'aggancio.

Per le proposte progettuali è possibile richiedere

Aggancio L1 : scatola in metallo H MIN 5 cm o in legno H MIN 10 cm, decorati o successivamente verniciabili da ancorare al soffitto con staffa .

Aggancio L2 : senza scatola; gli elementi prevedono agganci singoli a soffitto. Si richiede la presenza di soffitto in cartongesso.

*The height of the chandeliers and their price is calculated excluding the hook.

For project proposals it is possible to request

Hook L1 : metal box H MIN 5 cm or wood H MIN 10 cm, decorated or subsequently paintable to be anchored to the ceiling with bracket .

Hook L2 : without box; the elements provide individual ceiling hooks. It requires the presence of plasterboard ceiling.
