Maggiorazione per fianchi in finitura per basi e colonne a pagina 17-18. Spalle di finitura optional sp. 22 mm per basi e colonne a pagina 102.

Surcharge for base and tall units finishing sides on pages 17-18. Optional side panels 22 mm th for base and tall units on page 102.

FRONTALI FRONTS

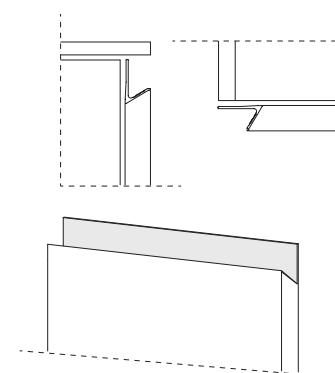

FRONTALI: pannelli di particelle di legno certificati CARB-02 sp. 18 mm rivestiti con nobilitazione melaminica due lati o laccati un lato (lato interno sempre in melaminico avana); bordatura poliuretana idrorepellente. Senso vena sempre verticale.

FRONTS: CARB-02-certified 18 mm thick particleboard panels with melamine coating on two side or lacquered on one sides (inner side always Avana textured finish); water-repellent polyurethane edging. Grain direction always vertical.

MANIGLIA: in alluminio disponibile nelle finiture bianco, nero, titanio o laccato opaco con maggiorazione. Posizione orizzontale nelle basi, verticale nelle colonne, orizzontale o verticale nei pensili. Nei moduli a doppia anta con maniglia verticale quest'ultima è presente solo nell'anta destra.

HANDLE: aluminium handle available in white, black titanium or matt lacquer finishes with surcharge. Horizontal for base units, vertical for tall units, horizontal or vertical for wall units. In double door modules with vertical handle, the handle is only on the right door.

Maggiorazione per maniglia nelle finiture laccato opaco: + € 38.

Surcharge for handle in matt lacquered finishes: + € 38.

CARATTERISTICHE TECNICHE

Technical Features

IDROBOX

ANTE RIENTRANTI

POCKET DOORS

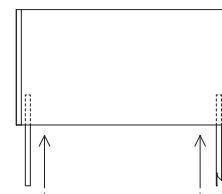

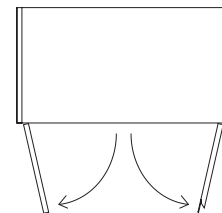

L'apertura avviene mediante scorrimento su apposite guide montate sul lato interno dei fianchi. Grazie a questo meccanismo si ottiene un ambiente ordinato quando le ante in luce sono chiuse e uno spazio organizzato e pratico nel momento della loro apertura.

La struttura di questi moduli è realizzata con pannelli sp. 22 mm in finitura come il frontale. Le ante rientranti sono disponibili per basi lavabo, basi e colonne portalavatrice.

The doors slide open on special runners mounted on the inside of the side panels. Thanks to this mechanism, an orderly environment is achieved when the flush doors are closed and an organized and practical space when they are open.

The structure is made of 22 mm thick panels in finish like the front. Pocket doors are available for washbasin units and washing machine base and tall units.

ANTE SOFFIETTO

FOLDING DOORS

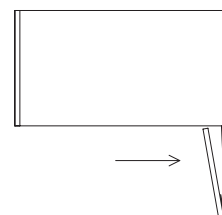

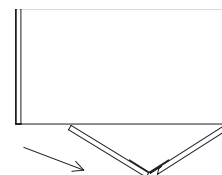

L'apertura avviene tramite impacchettamento delle ante fissate ad un binario superiore e giuntate con quattro cerniere. L'anta è dotata di chiusura amortizzata.

L'impacchettamento delle ante comporta un ingombro del vano stesso, come indicato sulle specifiche tecniche. Questo sistema di apertura è disponibile per basi e colonne portalavatrice.

The doors are fixed to an upper track and open concertina style. They are joined by four hinges and have a soft-close mechanism.

The doors fold inwards into the compartment, as indicated on the technical specifications. This opening system is available for washing machine base and tall units.

RIPIANI INTERNI

INTERNAL SHELVES

RIPIANI: pannelli di particelle di legno certificati CARB-02 sp. 18 mm rivestiti con nobilitazione melaminica avana; bordatura poliuretanica idrorepellente.

Il prezzo dei moduli è considerato senza ripiani che vanno aggiunti come accessori nella posizione desiderata (ad eccezione di ripiani strutturali, elementi a giorno, moduli portalavatrice e moduli con ante rientranti).

SHELVES: CARB-02-certified 18 mm thick particleboard panels with Avana melamine coating; water-repellent polyurethane edging.

The price of the units is considered without shelves, which must be added as accessories in the desired location (except for structural shelves, open units, washing machine units, and modules with pocket doors).

SPONDE E GUIDE PER CASSETTI/CASSETTONI

SIDEBOARDS AND RUNNERS FOR STANDARD/DEEP DRAWERS

SPONDE AVANTECH: Hettich mod. AvanTech YOU caratterizzato da sottili sponde metalliche verniciate antracite, fondi e retri in pannelli di particelle di legno certificati CARB-02 sp. 16 mm con nobilitazione melaminica. Possibilità d'inserimento di luce LED nella parte superiore della sponda.

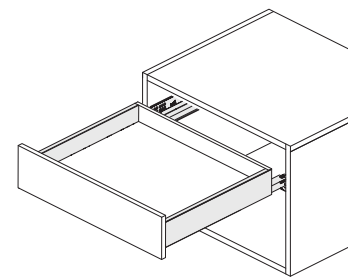

H sponde cassetti: 10,1 cm
H sponde cassettoni: 18,8 / 25,2 cm

GUIDE: metalliche sincronizzate a scomparsa con estrazione totale, regolazioni invisibili e sistema di chiusura ammortizzata.

AVANTECH SIDEBOARDS Hettich AvanTech YOU consisting of slim, anthracite-painted metal sideboards; bottoms and backs made of CARB-02-certified 16 mm thick particleboard panels with a melamine finish. An LED light can be added at the top of the sideboard.

H sideboards for drawers: 10,1 cm
H sideboards for deep drawers: 18,8 / 25,2 cm

RUNNERS: synchronised, concealed, full pull-out metal runners with invisible adjustment mechanism and soft close.

ZOCCOLO E PIEDI

PLINTH AND FEET

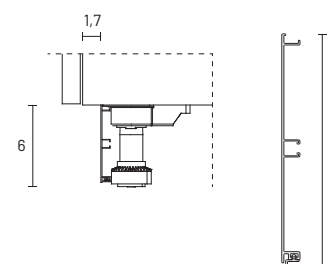

ZOCCOLO: H 6 cm in finitura alluminio, nero, bianco oppure nelle colorazioni laccato opaco. Fissaggio mediante aggancio magnetico.

PIEDI: H 1,6 cm regolabili a scomparsa in finitura alluminio oppure H 6 cm nero.

PLINTH: h 6 cm, in aluminium, black, white or colored matt lacquered finishes. Magnetic.

FEET: concealed, adjustable h 1,6 cm in aluminium finish or h 6 cm black.

ATTACCAGLIE

FASTENERS

Tutte le attaccaglie sono regolabili e hanno un sistema antisganciamento.

Le basi lavabo sono dotate di attaccaglie con un profilo che copre tutta la larghezza del mobile conferendo maggiore stabilità alla struttura, inoltre hanno 2 staffe tra fianchi e fondo che, tramite un piedino, consentono la regolazione in profondità anche nella parte inferiore.

Le basi hanno attaccaglie interne alla scocca con carter di copertura su apertura battente. Gli altri elementi hanno attaccaglie a scomparsa sempre dotate di copriforo in finitura zama o laccata in tinta su vani a giorno.

Non sono inclusi viti e tasselli per il fissaggio a muro.

All the fasteners are adjustable and have a mechanism to prevent accidental release.

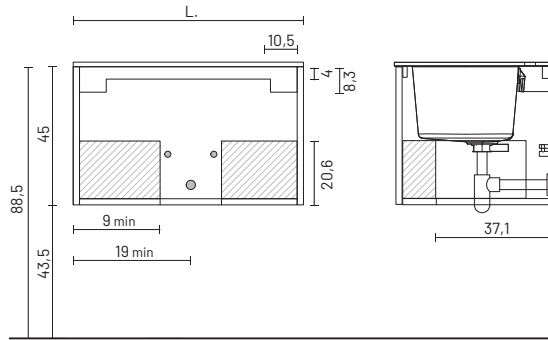

The washbasin units have fasteners with a profile covering the full width of the unit, providing greater stability. They also have two brackets between the sides and bottom which allow the depth to be adjusted using feet, also in the lower part of the unit. Base units have fasteners inside the structure with a cover for the hinged opening. The other units have concealed fasteners with hole covers in a Zamak or matching lacquered finish on open compartments.

Screws and dowels for wall mounting are not included.

MAGGIORAZIONI PER FUORI MISURA

Surcharges for oversized measurements

IDROBOX

INDICAZIONI GENERALI

GENERAL INFORMATION

Le maggiorazioni per interventi fuori misura dovranno essere applicate sull'elemento di serie con caratteristiche similari e/o misure superiori all'elemento.

È possibile realizzare personalizzazioni fuori misura su elementi con anta/e battente o cassetti/cestoni ma per quest'ultimi va sempre verificata la fattibilità con l'ufficio tecnico.

Quando vengono richiesti più interventi fuori misura sullo stesso elemento, la maggiorazione da applicare è data dalla somma dei singoli interventi.

Per interventi fuori misura particolari, non contemplati in queste pagine, si dovrà richiedere la conferma di fattibilità e conseguente preventivo.

Non si accettano resi di elementi modificati fuori misura.

Surcharges for oversized products must be applied to the standard unit with similar characteristics and/or a larger size.

Oversized customisation is possible on units with hinged door(s) or drawers but please always check feasibility with the technical department for drawers specifically.

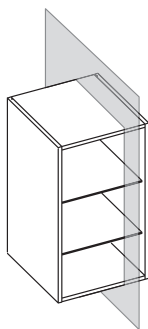

When multiple oversized measurement requests are made for the same unit, the surcharge to be applied is the sum of the individual requests.

For special oversized measurements not covered here, please request confirmation of feasibility and a quote.

We do not accept returns of modified oversized units.

COLONNE CON SOPRALZO E ANTA UNICA

Tall units with top unit and single door

IDROBOX

anta dx o sx con maniglia
R or L door with handle

anta sx senza maniglia + anta dx con maniglia
L door without handle + R door with handle

Sovrapposizione di una colonna a terra e un elemento sopralzo con frontale unico (H massima 270 cm). Per calcolare il prezzo è necessario sottrarre ai due moduli il prezzo della loro anta e aggiungere il prezzo dell'anta di altezza totale (ottenuta dalla somma di colonna e sopralzo).

Nel caso di colonne a due ante si ricorda che per l'anta destra va considerato il prezzo con la maniglia mentre l'anta sinistra è senza maniglia.

Non è possibile realizzare un'anta unica nel caso di colonna angolo + sopralzo angolo, colonna attrezzata con asse da stiro, colonne con ante soffietto o rientranti.

Colonne, elementi sopralzo e ante vengono spediti in colli distinti

Stacked floor-standing tall unit and top unit with a single front (maximum H 270 cm). To calculate the price, subtract the price of the doors from the price of the two units and add the price of the full-height door (tall unit + top unit).

With two door tall units, take the price of the right door with a handle and the left without. Single doors cannot be created for corner tall unit + corner top unit, tall units with ironing board or tall units with folding or pocket doors.

Tall units, top unit and doors are shipped in separate packages.

PREZZO TOTALE = **colonna (-prezzo anta)** + **elemento sopralzo (-prezzo anta)** + **anta singola**
TOTAL PRICE = tall unit (- door price) + top unit (- door price) + single door

optional LED

CREMAGLIERE: in alluminio in finitura nera, disponibile con fissaggio terra-soffitto oppure a parete tramite traverso orizzontale. Nel caso in cui nella composizione non sia presente una base fissata a parete è necessario aggiungere un secondo traverso. La tenuta delle cremagliere, con la relativa attrezzatura, è garantita dall'utilizzo dei tasselli adeguati al tipo di parete. Pertanto la responsabilità delle operazioni di montaggio è totalmente a carico del cliente.

RIPIANI: realizzati in pannelli di particelle certificati CARB-2 sp. 40 mm con nobilitazione melaminica o laccati opachi. Completati di staffe di supporto. Portata massima per ripiano di 20 kg equamente distribuiti.

BASI SOSPESE: basi Idrobox H 45 cm, devono essere necessariamente fissate a parete.

ILLUMINAZIONE LED: 3000 K optional integrata nella cremagliera. Il sistema di accensione deve essere collegato ad un interruttore con accensione della rete elettrica della stanza oppure tramite dimmer e telecomando. La gestione del posizionamento dell'alimentatore sarà a cura del cliente.

RACKS: aluminum in black, available with floor-to-ceiling fastening or with wall fixing by means of a horizontal crossbar. If there isn't any base unit fixed to the wall, add a second crossbar. The stability of the racks, with the related equipment, is guaranteed by the use of suitable plugs according to the type of wall. Therefore, the responsibility for the assembly operations is fully borne by the customer.

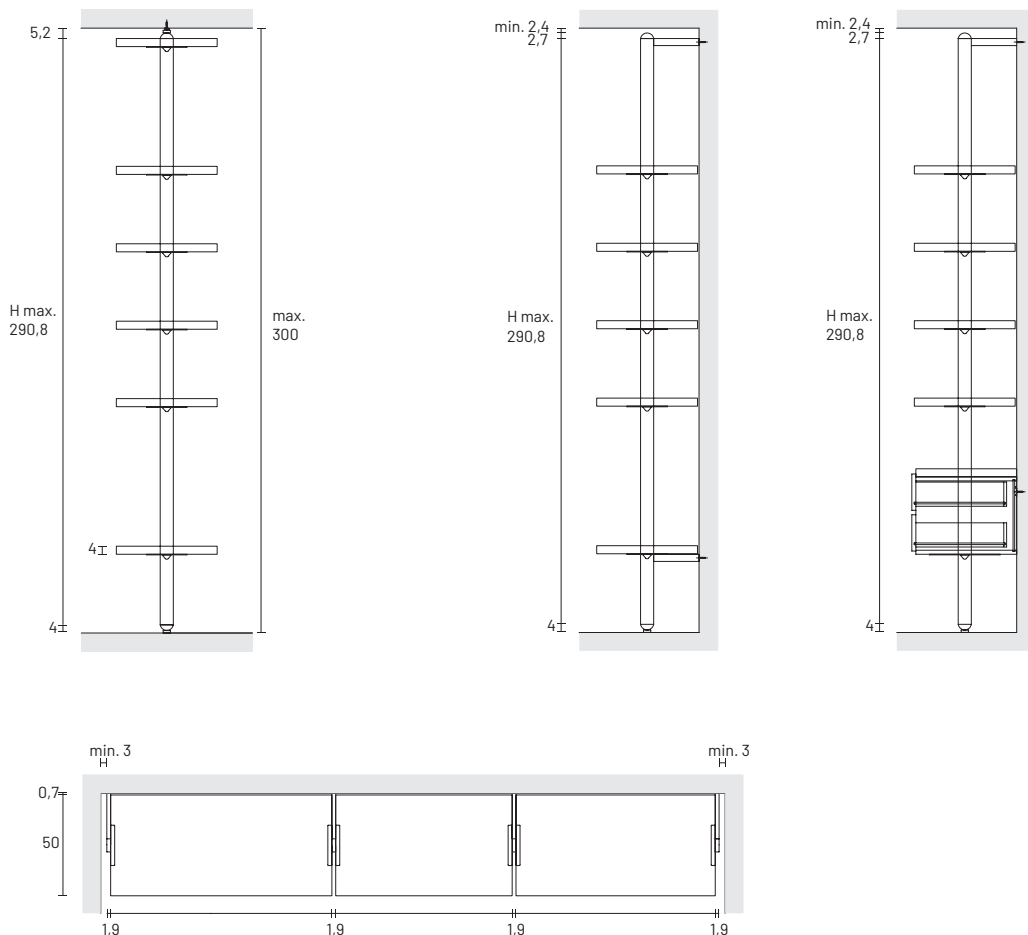

SHELVES: made of CARB-2 certified 40 mm thick particleboard with melamine finish or matt lacquer. Equipped with support brackets. Maximum load per shelf of 20 kg equally distributed. **WALL-MOUNTED BASE UNITS:** H 45 cm Idrobox base units, must be fixed to the wall.

LED LIGHTING: 3000 K, optional, integrated with the rack. The lighting system must be connected to the mains in the room by means of a switch or dimmer and a remote control. The placement of the power supply will be the customer's own responsibility.

BAMBOO

Bamboo

IDROBOX

Per installazione terra-soffitto l'altezza massima del soffitto deve essere di 300 cm. Per determinare l'altezza esatta consigliamo di ripetere la misurazione in tre punti differenti dove andrà posizionata la composizione e considerare quella più bassa (tolleranza massima 1 cm).

Per il posizionamento della composizione in nicchia è necessario tenere una distanza minima di 3 cm tra l'ultimo montante e la parete.

For the floor-to-ceiling assembly, the maximum ceiling height is 300 cm. To calculate the exact height, we recommend taking the measurement at three different points where the composition will be placed and consider the lowest one (maximum tolerance of 1 cm).

For compositions installed in a niche, keep a minimum clearance of 3 cm between the wall and the last upright.

LEGNO

Wood

Pannelli di particelle di legno certificati CARB-02 rivestiti con nobilitazione melaminica o laccati; bordatura poliuretanica idrorepellente.

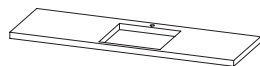

Consigli di manutenzione: per la sua pulizia è bene utilizzare un panno umido ben strizzato. Il piano va pulito nel senso delle venature, in modo da togliere più efficacemente lo sporco dai pori, e asciugato con cura alla fine della pulizia. Si raccomanda sempre l'uso di panni morbidi non abrasivi. Non utilizzare prodotti abrasivi che potrebbero rigare la superficie. Non utilizzare prodotti a base di cera o siliconi in quanto la loro applicazione potrebbe formare degli aloni di diversa lucidità. Non utilizzare un panno troppo bagnato.

CARB-02-certified particleboard panels which have a melamine coating or are lacquered; water-repellent polyurethane edging.

Maintenance recommendations: use a damp, wrung-out cloth for cleaning. Clean the doors following the direction of the grain so as to effectively remove dirt from the pores. Dry carefully. Always use soft, non-abrasive cloths. Do not use abrasive products that could scratch the surface. Do not use products containing wax or silicone because they may leave dull marks. Do not use a wet cloth.

HPL

HPL

Il top in laminato è costituito da un pannello di particelle di legno (classe e1) idrorepellente rivestito da laminato plastico ad alta pressione (hpl).

Consigli di manutenzione: la pulizia va effettuata con una spugna bagnata con un normale detergente liquido. Da evitare sono i prodotti molto abrasivi, le pagliette in acciaio che potrebbero rigare la superficie e forti prodotti chimici e sanitari (candeggina, acidi ecc) che potrebbero provocare decolorazioni. Non lasciare mai alcun liquido depositato sulla superficie per lungo tempo. Non appoggiare ferri da stiro o qualunque altra fonte di calore, onde evitare delle bruciature e screpolature del laminato.

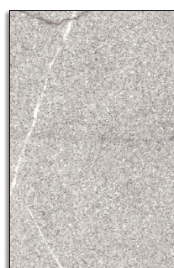

Laminate tops are made from water-repellent particleboard panels (class E1), clad with plastic HPL. Maintenance recommendations: clean the surface with a sponge and normal liquid detergent. Do not use abrasive cleaning products, steel wool scouring pads which may scratch the surface, or strong chemical/cleaning products (bleach, acid, etc.) as they may cause discolouration. Never leave liquids on the surface for a prolonged period. Do not rest irons or any other heat source on the surface to prevent burns and cracking on the laminate.

MARMO MINERALE

Mineral marble

Composto solido di cariche minerali naturali e polimeri leganti di alta qualità, il film protettivo (gelcoat) che lo riveste superficialmente e che gli dona brillantezza e lucidità, consente di ottenere un'ottima resistenza chimico-fisica nel tempo.

Installazione: per una corretta installazione dei piani in marmo minerale devono essere rigorosamente utilizzati siliconi neutri trasparenti non acetici, per evitare la corrosione della superficie.

Pulizia e manutenzione quotidiana: per la pulizia del piano in marmo minerale, dalle macchie dal calcare e dallo sporco, è sufficiente e consigliato pulire la superficie con acqua saponata o comuni detergenti non abrasivi; utilizzare spugna non abrasiva o panno di cotone ed infine asciugare con panno morbido.

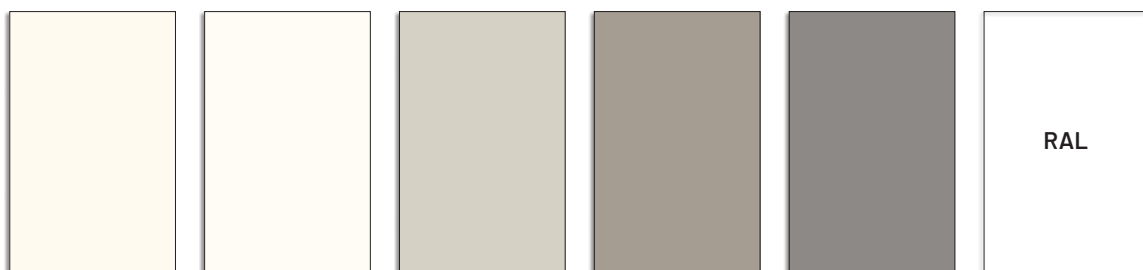

Consigliamo di evitare l'utilizzo di abrasivi e prodotti come ad esempio: trielina, acetone e solventi in genere.

Mineral marble is a solid compound of natural mineral load and high-quality polyester linkers. A gelcoat film covers the surface, giving it a bright, glossy finish and ensures good chemical and physical resistance over time.

Installation: when installing mineral marble tops, use clear, neutral, not-acetic silicones only, to prevent surfaces from corroding.

Daily cleaning and maintenance: to clean limescale and dirt from mineral marble tops, use soapy water or a non-abrasive household detergent. Use a cotton cloth or non-abrasive sponge and dry with a soft cloth.

We recommend avoiding the use of abrasives and products such as trichlorethylene, acetone and solvents in general.

MAGGIORAZIONI PER FUORI MISURA

Surcharges for oversized measurements

GOLA UP

INDICAZIONI GENERALI

GENERAL INFORMATION

Le maggiorazioni per interventi fuori misura dovranno essere applicate sull'elemento di serie con caratteristiche similari e/o misure superiori all'elemento.

È possibile realizzare personalizzazioni fuori misura su elementi con anta/e battente o cassetti/cestoni ma per quest'ultimi va sempre verificata la fattibilità con l'ufficio tecnico.

Quando vengono richiesti più interventi fuori misura sullo stesso elemento, la maggiorazione da applicare è data dalla somma dei singoli interventi.

Per interventi fuori misura particolari, non contemplati in queste pagine, si dovrà richiedere la conferma di fattibilità e conseguente preventivo.

Non si accettano resi di elementi modificati fuori misura.

Surcharges for oversized products must be applied to the standard unit with similar characteristics and/or a larger size.

Oversized customisation is possible on units with hinged door(s) or drawers but please always check feasibility with the technical department for drawers specifically.

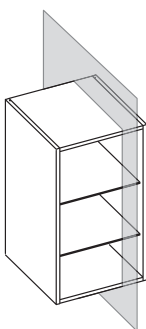

When multiple oversized measurement requests are made for the same unit, the surcharge to be applied is the sum of the individual requests.

For special oversized measurements not covered here, please request confirmation of feasibility and a quote.

We do not accept returns of modified oversized units.

SCOCCA STRUCTURE

STRUTTURA: realizzata con pannelli di particelle di legno certificati CARB-2 sp. 25 mm rivestiti con nobilitazione melaminica, laccata o impiallacciata legno e verniciata. Fianchi con foratura passo 96 mm.

SCHIENE: realizzate con pannelli di particelle di legno certificati CARB-2 sp. 18 mm rivestiti con nobilitazione melaminica o laccato. Gli armadi con struttura materico o laccato opaco hanno la schiena nella stessa finitura. Gli armadi con struttura laccato lucido, superfici UP o essenza hanno la schiena materico avana se battenti e laccata opaca in tinta nel caso di ante scorrevoli.

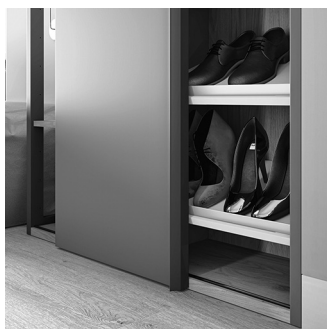

FIANCO TELAIO: realizzato con telaio in alluminio verniciato bianco, nero o titanio sezione 50x25 mm.

STRUCTURE: made of 25 mm th. CARB-2 certified wood particle board panel with melamine coating, lacquered or or wood veneered and varnished. Side panels with holes spaced at 96 mm.

BACKS: made of 18 mm th. CARB-2 certified wood particle board panel with melamine coating or lacquer finish. Wardrobe with textured finish or matt lacquered structure have the back panel in the same finish. Wardrobe with gloss lacquered, UP surface or wood structure, have Avana textured finish backs in the hinged door model and matt lacquered in the same finish in the case of sliding doors.

FRAMED SIDE PANEL: made of white, black or titanium painted aluminum frame 50x25 mm.

FRONTALI FRONTS

FRONTALI LEGNO: pannelli di particelle di legno certificati CARB-02 sp. 25 mm rivestiti con nobilitazione melaminica, laccati o impiallacciati legno e verniciati

FRONTALI SPECCHIO: specchio sp. 3 mm accoppiato con pannello di particelle di legno sp. 18 mm.

APERTURA: mediante profilo verticale in alluminio verniciato bianco, nero o titanio.

WOODEN FRONTS: 25 mm th. CARB-2 certified wood particle board panel with melamine coating, lacquered or wood veneered and varnished

MIRROR FRONTS: 3 mm thick mirror laminated with 18 mm thick wood particle board.

OPENING: vertical aluminum profile painted white, black or titanium.

ATTREZZATURA EQUIPMENT

RIPIANI PER VANO INTERNO: realizzati in pannelli di particelle di legno sp. 18 mm con nobilitazione melaminica.

RIPIANI PORTASCARPE INCLINATI PER VANO INTERNO: realizzati in pannelli di particelle di legno sp. 18 mm con nobilitazione melaminica inclinati e lamella in metallo nero di supporto alle scarpe

RIPIANI PER VANO ESTERNO: realizzati in pannelli di particelle di legno sp. 18 mm con nobilitazione melaminica, laccati o impiallacciati legno e verniciati.

ELEMENTI A GIORNO PER VANO ESTERNO: realizzati in pannelli di particelle di legno sp. 18 mm con nobilitazione melaminica, laccati o impiallacciati legno e verniciati. Nei moduli in laccato lucido, superfici UP o essenza la schiena è laccata opaca in tinta.

SHELVES FOR INTERIOR COMPARTMENT: made of 18 mm th. wood particle board panel with melamine coating.

INCLINED SHOE RACKS FOR INTERNAL COMPARTMENT: made of 18 mm th. wood particle board panel with melamine coatingh inclined and black metal plates supporting the shoes

SHELVES FOR EXTERNAL COMPARTMENT: made of 18 mm th. wood particle board panel with melamine coating, lacquered or wood veneered and varnished

OPEN ELEMENTS FOR EXTERNAL COMPARTMENT: made of 18 mm thick particle board with melamine finish, lacquered or wood veneer and varnished. In gloss lacquered, UP surfaces or wood modules, the back is matt lacquered to match.

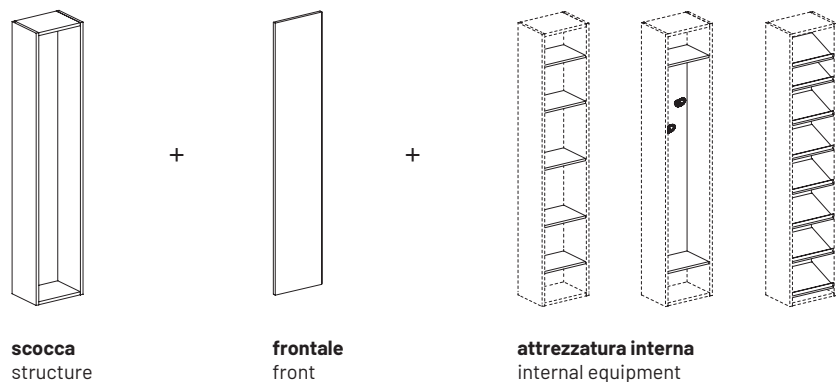

CARATTERISTICHE TECNICHE

Technical features

GOLA UP

STRUTTURA: realizzata con pannelli di particelle di legno certificati CARB-2 sp. 18 mm rivestiti con nobilitazione melaminica, laccati o impiallacciati legno e verniciati.

SCHIENE: realizzate con pannelli di particelle di legno certificati CARB-2 sp. 8 mm rivestiti con nobilitazione melaminica avana.

FRONTALI: realizzati con pannelli di particelle di legno certificati CARB-2 sp. 22 mm rivestiti con nobilitazione melaminica, laccati o impiallacciati legno e verniciati. Senso vena orizzontale.

APERTURA: mediante maniglia orizzontale parziale in alluminio disponibile nelle finiture bianco, nero, titanio o laccato opaco con maggiorazione.

ATTREZZATURA: porta scarpe in multistrato di betulla, sostegni in plastica colore antracite. Nelle profondità 26 e 35 cm è possibile rimuovere il ripiano centrale per alloggiare le scarpe con dimensioni maggiori.

BASAMENTO: piedini regolabili a scomparsa H 1,6 cm; piede H 9 cm regolabile in metallo nero, bianco, titanio o laccato opaco; zoccolo H 6 cm in metallo colore alluminio, bianco o nero. Disponibili anche piedi Lama.

TOP: realizzato con pannelli di particelle di legno certificati CARB-2 sp. 18 mm rivestiti con nobilitazione melaminica, laccati o impiallacciati legno e verniciati; disponibile anche in gres sp. 6 mm.

STRUCTURE: made of 18 mm th. CARB-2 certified wood particle board panel with melamine coating, lacquered or wood veneered and varnished.

BACKS: made of 8 mm th. CARB-2 certified wood particle board panel with Avana melamine coating.

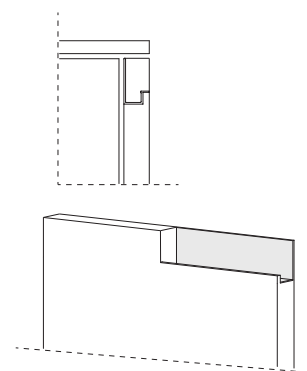

FRONTS: made of 22 mm th. CARB-2 certified wood particle board panel with melamine coating, lacquered or wood veneered and varnished. Horizontal grain.

OPENING: partial horizontal aluminum handle available in white, black, titanium or matt lacquer finishes with surcharge.

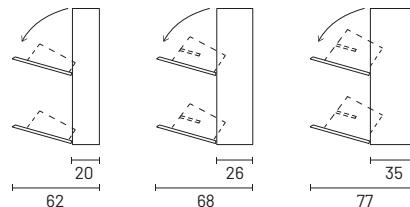

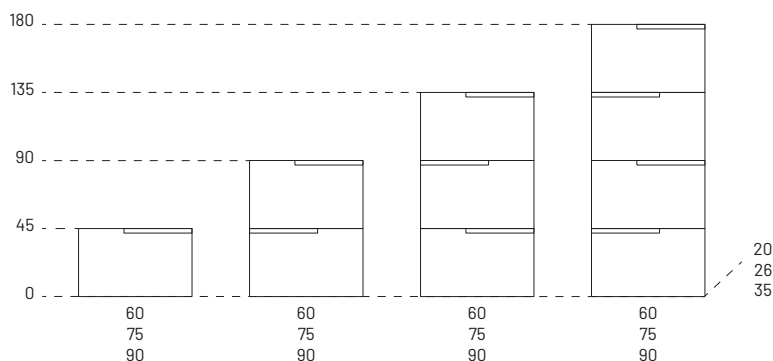

EQUIPMENT: birch plywood shoe rack, anthracite colour plastic supports. For units depth 26 and 35 cm, the central shelf can be removed to accommodate larger shoes.

BASE: H 1,6 cm concealed adjustable feet; H 9 cm adjustable metal foot in black, white, titanium or matt lacquer; H 6 cm plinth in aluminum, white or black metal colour. Lama foot also available.

TOP: made of 18 mm th. CARB-2 certified wood particle board panel with melamine coating, lacquered or wood veneered and varnished; also available in stoneware 6 mm thick.

MODULARITÀ MODULARITY

Lavorazioni su misura non disponibili.

Le scarpriere vanno sempre fissate a parete.

La quantità massima di scarpe è calcolata in modo indicativo considerando un assortimento uomo/donna/bambino e tenendo conto che la taglia massima delle scarpe è 45.

Maggiorazione per maniglia nelle finiture laccato opaco: + € 38.

Customization not available.

Shoe racks must always be fixed to the wall.

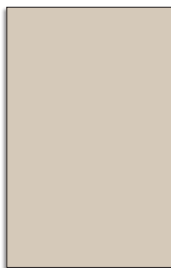

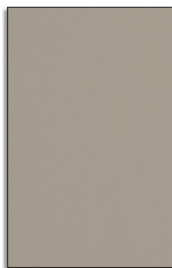

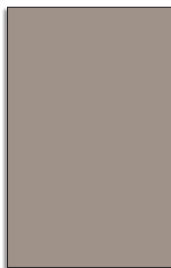

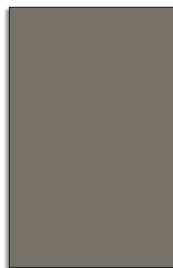

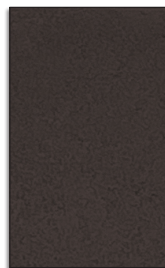

The maximum number of shoes per cabinet is approximate, considering a combination of men's, women's and children's footwear and taking into account a maximum shoe size of 45.

Surcharge for handle in matt lacquered finishes: + € 38.

Technical features

MINIMA

STRUTTURA: realizzata con pannelli di particelle di legno certificati CARB-2 sp. 18 mm rivestiti con nobilitazione melaminica o laccati.

SCHIENE: realizzate con pannelli di particelle di legno certificati CARB-2 sp. 8 mm rivestiti con nobilitazione melaminica.

FRONTALI: realizzati con pannelli di particelle di legno certificati CARB-2 sp. 18 mm rivestiti con nobilitazione melaminica o laccati.

APERTURA: mediante maniglia orizzontale in alluminio disponibile nelle finiture bianco, nero, titanio o laccato opaco con maggiorazione.

ATTREZZATURA: porta scarpe in multistrato di betulla, sostegni in plastica colore antracite. Nelle profondità 26 e 35 cm è possibile rimuovere il ripiano centrale per alloggiare le scarpe con dimensioni maggiori.

BASAMENTO: piedini regolabili a scomparsa H 1,6 cm; piede H 9 cm regolabile in metallo nero, bianco, titanio o laccato opaco; zoccolo H 6 cm in metallo colore alluminio, bianco o nero. Disponibili anche piedi Lama.

TOP: realizzato con pannelli di particelle di legno certificati CARB-2 sp. 18 mm rivestiti con nobilitazione melaminica o laccato.

STRUCTURE: made of 18 mm th. CARB-2 certified wood particle board panel with melamine coating or lacquered.

BACKS: made of 8 mm th. CARB-2 certified wood particle board panel with melamine coating.

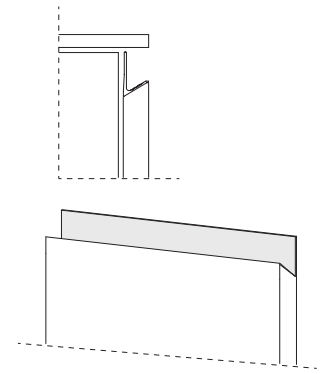

FRONTS: made of 18 mm th. CARB-2 certified wood particle board panel with melamine coating or lacquered.

OPENING: horizontal aluminum handle available in white, black, titanium or matt lacquer finishes with surcharge.

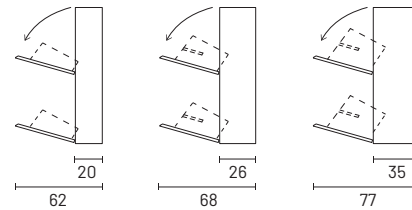

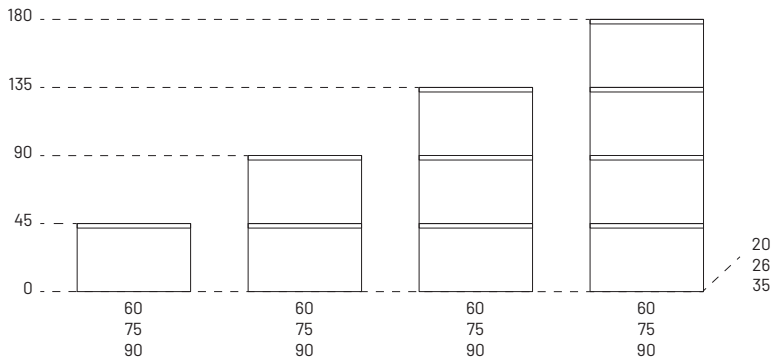

EQUIPMENT: birch plywood shoe rack, anthracite colour plastic supports. For units depth 26 and 35 cm, the central shelf can be removed to accommodate larger shoes.

BASE: H 1,6 cm concealed adjustable feet; H 9 cm adjustable metal foot in black, white, titanium or matt lacquer; H 6 cm plinth in aluminum, white or black metal colour. Lama foot also available.

TOP: made of 18 mm th. CARB-2 certified wood particle board panel with melamine coating or lacquered.

MODULARITÀ MODULARITY

Lavorazioni su misura disponibili solo per riduzioni in larghezza.

Le scarpiere vanno sempre fissate a parete.

La quantità massima di scarpe è calcolata in modo indicativo considerando un assortimento uomo/donna/bambino e tenendo conto che la taglia massima delle scarpe è 45.

Maggiorazione per maniglia nelle finiture laccato opaco: + €38

Customization available only for width reduction.

Shoe racks must always be fixed to the wall.

The maximum number of shoes per cabinet is approximate, considering a combination of men's, women's and children's footwear and taking into account a maximum shoe size of 45.

Surcharge for handle in matt lacquered finishes: + €38

SCHIENALI ATTREZZABILI

Back panels with accessories

- ① **schienali attrezzabili**
back panels with accessories
- ② **mensole in metallo**
metal shelves
- ③ **profilo centrale**
central profile
- ④ **profilo superiore**
upper profile
- ⑤ **profilo laterale**
side profile
- ⑥ **profilo inferiore**
lower profile

Gli schienali attrezzabili sono componibili in altezza e larghezza accostando più moduli nelle misure scelte. Sono attrezzabili con mensole in metallo utilizzando i profili di raccordo tra pannelli. I profili di chiusura superiori ed inferiori devono essere sempre inseriti mentre i profili laterali non sono necessari se si accostano più moduli oppure se la pannellatura va montata in nicchia. Per il montaggio in nicchia del profilo superiore e di quello laterale è necessario uno spazio minimo di 2 cm.

Nel caso di accostamento laterale di pannelli l'altezza totale (data dalla somma dei pannelli e dei profili) deve risultare uguale.

Non è possibile l'inserimento di passacavi e luci LED negli schienali attrezzabili.

Accessorisable back panels in your chosen sizes can be positioned side by side and above one another. They can be fitted with metal shelves using connecting profiles between panels. The upper and lower end profiles must always be inserted, while the side profiles are not necessary if several units are positioned side by side or if the panelling is to be mounted in a niche. Minimum clearance of 2 cm is required to install the top and side profiles in a niche. Where panels are positioned side by side, the total height (sum of panels and profiles) must be the same.

Grommets and LED lights cannot be used for accessorisable back panels.

Prezzo schienali comprensivo di profili con sistema di fissaggio del pannello al muro e di profili laterali. Profili disponibili in finitura bianco, nero, titanio, ottone anticato.

The back panel price includes profiles with a mechanism for fastening the panels to the wall, and side profiles. Profiles available in white, black, titanium and antiqued brass.

CONDIZIONI GENERALI DI VENDITA

General sales conditions

PREZZI

I prezzi del seguente listino sono espressi in unità di Euro.

I prezzi sono al pubblico I.V.A. esclusa.

I prezzi non costituiscono offerta e sono suscettibili di variazione senza alcun preavviso. I prezzi si intendono franco sede DA group s.r.l., salvo diverso patto espresso.

ORDINI

Gli ordini sono accettati con la clausola "salvo approvazione della casa".

Gli ordini anticipati telefonicamente dovranno essere seguiti da conferma scritta; contrariamente non ci assumeremo la responsabilità per eventuali errori di consegna.

CONSEGNA

Le consegne saranno effettuate nei termini concordati con il nostro ufficio vendite.

Per consegne in Italia di ordini con importi netti inferiori a € 500,00 viene applicato un contributo forfetario pari a € 50,00. Per consegne fuori dall'Italia di ordini con importi netti inferiori a € 750,00 viene applicato un contributo forfetario pari a € 75,00.

La mancata o ritardata consegna, anche se pattuita, o per causa di forza maggiore non costituisce alcun diritto per il cliente a risarcimento danni.

Le consegne richieste con spedizione a mezzo corriere espresso viaggiano in porto assegnato. Non si effettuano consegne ai privati.

RECLAMI

Le contestazioni per danni derivanti dal trasporto devono essere fatte al momento dello scarico.

Eventuali reclami per difetti di fabbricazione dovranno essere comunicati entro 8 giorni dal ricevimento della merce.

Viene declinata ogni responsabilità per errori od anomalie riscontrate nel montaggio di nostri modelli, salvo non siano stati effettuati da nostro personale specializzato.

RESI

I resi per difetto di fabbricazione dovranno essere preventivamente autorizzati per iscritto e dovranno pervenirci perfettamente imballati. Qualora, ad insindacabile giudizio dell'azienda vengono riconosciuti i difetti contestati, gli stessi verranno accreditati al valore effettivamente pagato.

PAGAMENTI

Non sono validi i pagamenti se non fatti direttamente alla nostra sede.

In caso di ritardato pagamento decorreranno gli interessi commerciali nella misura dal tasso ufficiale di sconto aumentato di 7 punti (DL 231 del 09.10.02).

Clausola di riserva di proprietà: la merce rimane di nostra proprietà a completo pagamento della fattura di riferimento.

FORO COMPETENTE

Per ogni controversia il foro competente è eletto a Pordenone.

MODIFICHE AI PRODOTTI

Le descrizioni e le caratteristiche tecniche dei prodotti richiamati nel presente listino sono puramente indicativi e non vincolanti. L'azienda si riserva il diritto di modificare, senza alcun preavviso, i materiali e le caratteristiche tecniche dei prodotti per motivi tecnici e/o produttivi.

Le misure indicate sono espresse in centimetri.

Il presente listino annulla e sostituisce il precedente e potrà essere modificato senza preavviso alcuno in ragione degli aumenti delle materie prime, del costo della manodopera e quant'altro potrà verificarsi in maniera imprevedibile.

DIRITTO DI PROPRIETÀ

È vietata la pubblicità, con foto o con altri mezzi, della merce fornita senza la preventiva autorizzazione scritta di DA group s.r.l.

UTILIZZO DEL MARCHIO

È fatto divieto assoluto a tutti i clienti, salvo patto contrario, l'utilizzo del marchio "Birex". In caso di accertata violazione DA group s.r.l. si riserva il diritto di agire giudizialmente per ottenere il riconoscimento dei danni.

Per le altre condizioni Generali di Vendita consultare la relativa documentazione commerciale.

L'azienda non risponde per eventuali errori di stampa relativi a caratteristiche tecniche, misure e ai prezzi indicati sul presente listino.

PRICES

Prices are given in euros.

VAT excluded.

The prices do not constitute an offer and are subject to change without any prior notice. Prices are to be considered ex works DA group s.r.l., unless expressly agreed otherwise.

ORDERS

Orders are accepted with the clause "subject to approval by the company".

Telephone orders must be confirmed in writing, otherwise we shall take no responsibility for any delivery errors.

DELIVERY

Deliveries will be carried out according to the terms agreed with our sales department.

For order deliveries in Italy with a net total of less than € 500,00 a fixed fee of € 50,00 is applied. For order deliveries outside Italy with a net total of less than € 750,00 a fixed fee of € 75,00 is applied.

Failure to deliver or delayed delivery, including where agreed, or due to force majeure shall not constitute any right to damages on the part of the customer.

Deliveries requested by express courier travel with carriage forward. We do not deliver to private individuals.

COMPLAINTS

Any damage caused during transportation should be contested when the furniture is being unloaded.

Any complaints regarding manufacturing defects must be reported within 8 days of delivery. We take no responsibility for any assembly errors or defects where the work was not carried out by our specialist staff.

RETURNS

Returns due to manufacturing defects are subject to prior written approval and must be shipped to us properly packaged. Should the contested defects be acknowledged, at the sole discretion of the company, they will be credited at the value actually paid.

PAYMENTS

Only payments made directly to our company headquarters are valid.

Late payments will incur interest at the official bank rate, +7% (Italian Law no. 231 of 09.10.02).

Retention of title clause: the goods shall remain the company's property until the invoice has been paid in full.

COURT OF JURISDICTION

For any disputes, the court of Pordenone (Italy) has jurisdiction.

PRODUCT MODIFICATIONS

The descriptions and technical characteristics of the products shown in this price list are purely indicative and not binding. The company reserves the right to modify the product materials or technical characteristics for technical and/or production reasons without any prior warning.

Sizes are shown in centimetres.

This price list cancels and replaces the previous one and may be modified at any time without prior notice in response to increases in the cost of raw materials or labour, or any other unforeseeable event.

PROPERTY RIGHT

Advertising the furniture supplied using photos or other means is prohibited, without prior written authorisation from DA Group S.r.l.

USE OF TRADEMARK

Customers may not, under any circumstances, use the trademark "Birex", unless otherwise agreed. In the event of a proven breach, DA group s.r.l. reserves the right to take legal action for damages.

For all other terms and conditions of sale, please refer to the related sales paperwork.

The company is not responsible for any printing errors relating to technical features, sizes and prices in this price list.
